

Christina Testimonial

Jeff, we are so grateful to you - responding to my sos call on a Saturday and showing up that evening to work with Ian and his rescued puppy was just so wonderful. The training you did with my son and Ruca was remarkable. The confidence you instilled in both of them and the results with Ruka in 24 hours is priceless...not to mention the peace of mind it has given me knowing that Ian will now employ your tools/rules to train and manage a rescued dog.

Oh, we cannot forget Harry...the six weeks of training with you has made him into a great behaved companion and me into a "good" dog owner. Forget Ceasar - to my family and me you are the one and only dog trainer/whisperer. If you ever need a reference please give my name

and number and I will be more than happy to relate our Solid K9 Training success stories.

Again, thank you so much for all that you have done,

Christina
