

Girl Scout Testimonial

"We were lucky enough to have Jeff Gellman of Solid K-9 Training help our Junior Girl Scout troop work on our pet care badge.

We learned a lot about training a dog, how much exercise it needs, a healthy diet for the dog, and many other things about dogs and dog training. He was patient and calm, funny and very interactive. The girls were able to take turns learning the best way to walk a dog, feed a dog, and learned how important it is to have a dog recognize you as the leader. He brought two fabulous

dogs with him that the girls all wanted to take home with them. Jeff also talked about the importance of volunteering, sharing your talents and gifts with others.

Overall I would highly recommend him to do a presentation or demonstration for your group."

Eleanor, Girl Scout Leader
